

A free search tool for SAM.gov contract opportunities

GovTrove is a free tool that makes it easier to find federal contract opportunities. It uses official SAM.gov data, updated daily, with search and filters that actually work.

Everything on the site today will stay free.

If premium features are added later, they'll be clearly separate.

The core search tool is free, period.

What it does

S

Full-text search

Boolean operators (AND, OR, NOT), exact phrase matching, keyword + NAICS code search.

F

Useful filters

NAICS, PSC, set-aside, agency, notice type, state, deadline and posted date ranges.

D

Deadline tracking

Color-coded urgency — see at a glance what's closing soon.

8

Set-aside filtering

8(a), SDVOSB, WOSB, HUBZone, small business — one click to filter.

L

Direct SAM.gov links

Every result links to the original SAM.gov listing. We supplement SAM.gov, not replace it.
