Search SAM.gov contract opportunities with filters that actually work

GovTrove pulls official SAM.gov data daily and gives you search and filtering tools built for how contractors actually screen opportunities — by title, NAICS, set-aside, agency, and deadline.

The search tool is free to use. No account required, no strings attached.

What it does

S **Full-text search**
Boolean operators (AND, OR, NOT), exact phrase matching, keyword + NAICS code search.

F **Useful filters**
NAICS, PSC, set-aside, agency, notice type, state, deadline and posted date ranges.

D **Deadline tracking**
Color-coded urgency — see at a glance what's closing soon.

8 **Set-aside filtering**
8(a), SDVOSB, WOSB, HUBZone, small business — one click to filter.

L **Direct SAM.gov links**
Every result links to the original SAM.gov listing. We supplement SAM.gov, not replace it.

U **Updated daily**
Opportunities appear within hours of being posted on SAM.gov.

Try it now

1. Go to govtrove.com — no sign-up or login required.
2. Type a keyword or NAICS code and search.
3. Filter by set-aside, agency, state, or deadline.
4. Click any result for details + a direct link to SAM.gov.
